

# RECYCLABLES

Flattened  
Corrugate  
Cardboard

Newspaper

Flattened boxes must to be *corrugated cardboards*, which is the thick kind used for storage and packing boxes.

NO larger than 3'x3' cardboards, NO food residue. NO milk or soy milk cartons

PLEASE BAG or TIE CARDBOARDS

Colored Paper

White Paper

Colored paper, white paper and newspaper can be place in plastic bag or box

NO paper towels, NO food residue, NO blueprints.

Plastics #1 & #2

At this time, only those plastics that have a #1 or a #2 on them, can be recycled in Hawaii. Look for a small recycling symbol with the number inside it, usually on the underside of the container. Plastic containers can be rinsed and crushed.

NO lids/caps, NO any other kind of plastic

Glass Bottles/Jars

Aluminum  
Cans

Aluminum cans can be crushed, and glass containers must be empty, it helps us if all containers are rinsed.

NO Aluminum foil/pie plates, NO lids/caps, NO steel/Tin cans,

# NON-RECYCLABLES

Plastic Bags

Plastic grocery bags can be recycled down at your local Safeway store. They usually have a collection bag at the entrance.

Steel/Tin Cans

Steel/Tin cans from cat food, tuna, sauces, vegetables etc can be disposed of in your trash.

Magazines, "Other papers" & "Other Boxes"

Magazines can be taken to the library and reused by others. Kleenex, paper towels, brochures, and blueprints are non-recyclable. Soda, beer, cereal, tissue, cracker boxes are considered "paperboard" and are not recyclable in Hawaii...yet.

\*\*\*\*\*Items with food residue may not be accepted.\*\*\*\*\*
